We are committed to bringing you a simple and convenient buying experience over the phone, in person and online. Our E-commerce site means you can take advantage of these many benefits:

- Search and browse products by type, name and manufacturer
- View your account details
- Pay your bill
- View your previous orders and replicate orders
- Be the first to know of special promotions and discounts

What our Customers are Saying

“Target Specialty Products made sure the manufacturer’s production line for the baiting system was good enough to meet our needs, so that we would not run out of supplies. They even housed the product for us. I can’t say enough about their service.”

*Tom Jordan – General Manager
Arrow Exterminating, NY*

“They go the extra mile for me to get me rates, cost per acre, for a variety of products, not just what the neighbors are using. They’ll help me research products that fit into my budget.”

*Brian Boyer – Superintendent
Cinnabar Hills Golf Club, CA*

“They provide solutions for my company with products, supplies, equipment, education, and training. They always go above and beyond to be sure we have all the best equipment and education to be one of the best providers in the state.”

*Kent Sexton – Owner & President
Sexton Pest Control, AZ*

“Target Specialty Products’ customer service is awesome. The best around. Their Sales Representative is always there when I need him... They come in once a year and conduct a safety training for my workers; something we need to do to comply with California state regulations. It’s invaluable.”

*Willie Lopez – Superintendent
The Plantation Golf Club, CA*

About Us

Target Specialty Products™ is a value-added solutions provider of pest management and turf & ornamental products, application equipment, supplies, services, education and training programs.

Our goal is to provide the pest management and turf & ornamental professional with the products, tools, knowledge and support they need to be successful.

Our People

Our experienced, knowledgeable staff recognizes that each situation is unique, so we will partner with you to provide the best and most cost-effective solutions for your customers.

Our customers receive support from:

- Board Certified Entomologists
- Associate Certified Entomologists
- Licensed Arborists
- Certified Crop Advisors
- Pest Control Advisors
- Qualified Applicators

We are always available to provide technical advice and support.

Our History

Target was established in Gardena, CA, in 1969 as A.S.L. Chemicals. In May 2010, a joint venture between Target Specialty Products and B&G Chemical Company extended Target's footprint to Texas as well as a branch in Oklahoma City, OK.

In 2012 Ehrlich Distribution joined forces with Target Specialty Products. Ehrlich Distribution's goal since its founding in 1928, has been to provide products for the control of pests and vegetation. They have been serving the East Coast to the Mid-West, providing a comprehensive approach to customers' needs.

Target again expanded by purchasing Residex in July of 2016. This increased our presence to 43 locations in the US and Canada, with more than 180 associates, expanding our services throughout North America.

Pest Management

We partner with major manufacturers to provide pest management professionals everything they need to serve every facet of the industry from ant control to bed bugs to wood destroying organisms.

We provide solutions to the following Pest Management markets:

- Structural Pest Management
- Fumigation
- Wildlife
- Moisture Control
- Animal Health
- Public Health

Turf & Ornamental

Our Turf & Ornamental team is passionate about providing solutions and expertise focused on plant health, soil nutrition and IPM, and utilizes extensive industry experience and resources to provide best-in-industry support.

In addition to carrying a comprehensive selection of products from major manufacturers, we offer proprietary premium products, **Turf Fuel®**, and also **Turf Fuel G™ & TS Pro™**, powered by **Scotts® PRO** technology.

We provide solutions to the following Turf & Ornamental markets:

- Golf & Sports Turf
- Landscape & Lawn Care
- Industrial & Aquatic Vegetation Management
- Arbor Care
- Nursery & Greenhouse

Equipment, Tools & Supplies

Our goal is to make your job easier, more effective and safe; that is why we carry a comprehensive line of quality, professional equipment, tools and supplies, including:

- Spray Guns & Accessories
- Foamers & Dusters
- Termite Application Equipment
- Commercial, Hand-held & Backpack Sprayers
- Dehumidifiers
- Landscape & Arbor Care Tools
- Safety Equipment

Learning Center

Our Training and Education department offers a variety of professional development programs in all market segments. Many of our courses are also approved for continuing education credits. We host on-site classroom training as well as distance learning opportunities. Our main objective is to keep customers and associates at the forefront of evolving regulatory, safety and pest and product issues. Licensing preparation courses, seminars and workshops are also provided by highly experienced and professional instructors throughout the United States.

- CEU Training Classes
- Seminars & Workshops
- Prep Courses
- Worker Safety

Trade Shows & Events

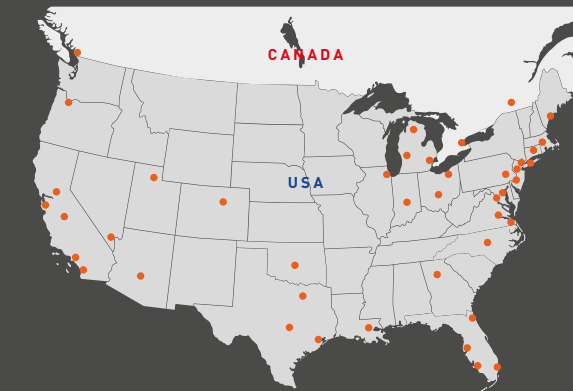

We participate in more than 40 national and regional trade shows, conventions, conferences and expos in the pest management and turf & ornamental industries each year, including:

- PestWorld - NPMA
- AMCA Show
- Golf Industry Show
- GIE+Expo

Locations

We have over 40 locations in the United States and Canada with same day or next day delivery in most regions. Will Call service centers at each branch makes it convenient to place orders and receive product.

For a complete list of locations and contact information go to target-specialty.com.

Safety & Regulatory

Safety First is the banner of Target Specialty Products. With solid safety programs and policies that have been the foundation to our success in reducing injuries and accidents over the last decade, we strive to eliminate risk to our colleagues, customers and environment during our daily operations. We educate, train, develop and maintain safe work practices through monthly meetings, audits and inspections, and review colleague safety suggestions to add to continual improvement of our safety programs.

We adhere to the regulations involving these and other important agencies:

- Occupational, Safety & Health Administration (OSHA)
- Environmental Protection Agency (EPA)
- Department of Transportation (DOT) / IATA / IMDG
- Department of Pesticide Regulation (DPR)
- California Structural Pest Control Board
